

### **West Bay Sanitary District Participates in Urban Shield Exercise**

**West Bay has partnered with local Public Safety agencies in San Mateo to host some of the first responder preparedness exercises for SWAT teams, Fire Rescue Teams, EMS and medical emergency teams. Regional training will be occurring at several facilities throughout Alameda and San Mateo Counties during this Event from October 25 through October 28. West Bay has agreed to have some of the training events take place at the old wastewater treatment facilities located behind Bay Front Park.**

**This event is a multi-layered training exercise to enhance the skills and abilities of regional first responders, as well as those responsible for coordinating and managing large scale events so first responder public safety teams may become more prepared for any type of critical event or incident in our area.**
